Active Service Furniture for Smarter Home Living

This intelligent coffee table integrates mobility, wireless charging, warming, cooling, storage, and cleaning functions. It can be summoned to the user and automatically recharge, making everyday home life more convenient, comfortable, and efficient.

Warming Surface

Keeps food or drinks warm during use.

Refrigerated Storage

Stores cold drinks for easy access.

Snack Storage

Provides an open area for snacks and daily items.

Auto Recharging

Returns to the charging dock automatically.

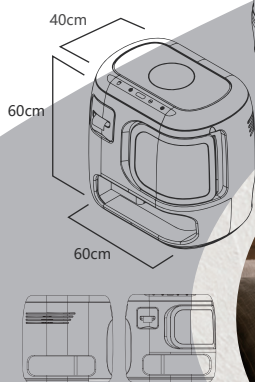

Wireless Charging

Charges mobile devices directly on the tabletop.

Adaptive Moving Speed | 0.15–0.3 m/s

Panasonic

Hygienic & Ergonomic Use

The cleaning module combines a touchless alcohol spray, pull-out tissue dispenser, and hidden trash bin for quick cleaning after dining or daily use. With a 60 cm height, the coffee table allows users to reach items comfortably while seated, creating a cleaner, more convenient, and ergonomic home experience.
